Brand new igloo accommodation in Finnish Lapland

A unique Arctic village is opening up in the middle of the Lappish wilderness, offering you the chance to experience and see Lapland's breathtaking pure nature at its best. They have brought hotel level comforts and services to a special location where Lapland's experiences start from your igloo door. Welcome to stay a warm Igloos, whose large panoramic windows provide breathtaking views of the northern sky and nature.

Experience a unique visit to Skyfire Village and stay in the igloos when visiting Finland! The village is located in Finnish Lapland, on the shore of the beautiful lake. You can experience genuine Lappish life and local traditions year-round. They offer our guests authentic Lapland at its best.

The village's location has been carefully selected, and the location is rare even for Lapland. The pure nature, fresh air and beautiful landscapes will enchant our visitors in every season. Skyfire Village has been created in the middle of a peaceful natural landscape with no light pollution. The area is one of the best in the world for seeing the northern lights and the starry sky at their brightest.

They offer an unforgettable experience in the heart of a Northern Forest. They warmly welcome you to experience the Arctic glow!

Arctic glamour in pure nature

The innovative architecture and design of Skyfire Village and its carefully selected details provide their guests with a rare and unique experience.

Igloos are well-equipped and combine modern Nordic design with the best natural materials. Each Igloo is fitted with high-quality double beds. From your comfortable bed, you have a clear view of the sky, which takes admiring the northern lights and the stars on a whole new level!

In front of the large panoramic window, there are two comfortable designer armchairs and a table. At your table, you can admire the beauty and quiet of the surrounding forest while enjoying some hot drink, or a glass of bubbly. The atmospheric fireplace keeps the temperature of the igloo just right. Each Igloo has its own toilet, but no shower. During your visit, you can wash up in the Sauna in an authentic Lappish way.

Skyfire Village has been created by combining luxury with wilderness life. They want to offer you an unforgettable igloo accommodation in Finnish Lapland. If you have any special requests for your visit, we are happy to arrange them for you.

Traditional Lappish food and local culinary delicacies

Sky Hut Restaurant & Bar, located in the village, offers enjoyable moments with foods and drinks made from local ingredients. Their professional chef has tailored a delicious menu for their guests, consisting of traditional Lappish food and culinary delicacies. They also offer hot and cold beverages, everything from juice made of local berries and fruits to wine and beer produced in Lapland.

Dining in Skyfire Village is absolutely a unique experience. They offer culinary pleasures and exceptional shared dining moments in their hut restaurant. Their guests can experience the charm of campfire cooking by cooking their own evening snack on an open fire, instructed by a guide.

Ordering meals with igloo accommodation completes your perfect experience in the Finnish Lapland. Their hut restaurant is open until late, offering our guests the possibility to get together. The guests can also buy drinks to enjoy by the campfire or in their igloo.

Eco destination

Skyfire Village is an ecotourism destination which operates in accordance with the principles of responsible tourism. It is a privilege to have nature surrounding us. Additionally, they use partners who share our values. The village is designed to be as emission-free and ecological as possible. Environmental friendliness has been observed in every stage of construction.

Skyfire Village is completely produced in Finland. The construction material of the village is Finnish wood which is a sustainably produced, renewable resource. Solar panels have been installed to every building for electricity production. The heating system is an economical and high-quality pellet fireplace which burns cleanly and produces minimal particle emissions. The fireplace also creates a lovely atmosphere. It automatically maintains the desired temperature, and it's nice to spend time in its warmth. Each igloo is fitted with a compostable eco WC system.

In Skyfire Village, waste is recycled, and the amount of waste is minimized. They don't use plates or cups made from paper or plastic. The four-stroke-powered snowmobile they drive in winter uses lead-free gasoline.

They also encourage our guests to protect the environment with them.

Location – The magic, the wonders and the natural phenomena

A visit to Skyfire Village and accommodation in igloos offers an unforgettable experience of Finnish Lapland. The location is a special sight, allowing you to experience enchanting moments in Northern nature. The village has been created in a unique location which is rare even for Lapland.

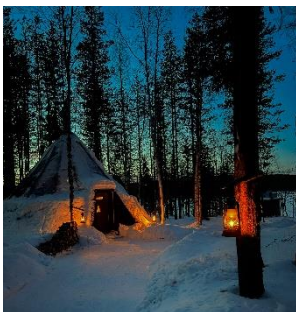

Skyfire Village is located outside of growth centres and mass tourism areas, in a secluded location. Still, there is only a 45-minute drive from Rovaniemi Airport to the area. After booking, you will receive detailed instructions on how to arrive at the igloo village. There are also transfers to the village from the center of Rovaniemi every day, so if you wish, you can order a transfer.

From each igloo, there are serene and calming views to the lake, nature and the Northern sky. It's magical how there's no light pollution threatening nature and health. This lets us provide our guests with one of the best places in the world to see the northern lights and Lapland's starry sky at their brightest.

A trip to Skyfire Village is a genuine way to have a connection with nature. They are in a special location surrounded by pureness and silence, which, according to research, also promote health and wellbeing.
