

Sweden, Stay at Stilleben Hotel Åmotsbruk

**From € 165
Year 2024**

Small-scale family-run hotel nestled in the Swedish forests, 2 hours north of Stockholm. It was the brainchild of two individuals who wanted to create accommodation where people could truly feel welcomed and at home.

Accommodation

6 rooms (always including breakfast)
Warm and personal approach
Pure and healthy food served in the kitchen
Private spa area to book
Surrounded by unspoiled nature

Private Spa

Behind the hotel, there is a fantastic view on the meadow, forests and hills. It has inspired us to create a spa in the hotel garden that is unlike any other. You are welcome to relax, enjoy, admire and dream.

The spa is available for rent for 2 hours. Two time slots: from 15:00 to 17:00 & from 20:00 to 22:00. Of course you can also rent the spa if you are not a guest in the hotel. During your stay, you have access to:

- The wood burning sauna with panoramic view
- We use organic, high-quality essential oils in the steam water
- Large outside whirlpool hot tub.
- Outside cold shower for the brave
- Private dressing room with toilet and shower
- Swedish organic shower products from Björk and Berries
- Water and organic tea are provided
- Slippers, towels and bathrobes are provided

Kitchen

The goal is to serve wholesome and inspiring cuisine crafted from unprocessed, pure ingredients. The chef shares stories of their partners, local producers who share their values, through their dishes.

Every day (except Tuesdays) at 6 p.m., dinner is served: a three-course meal crafted from organic or locally sourced ingredients.

This translates into unique dishes, often featuring superb meats or fish, each with its own story ! They serve what they call 'healthy comfort food.'

Rooms

All rooms are equipped with:

- Homemade organic breakfast served at 8:30 am
- Comfortable twin beds
- Private bathrooms with shower, toilet, towels, and Björk and Berries shower products
- Free Wi-Fi
- Always available coffee and tea in the restaurant
- Windows you can open to let in fresh air (don't worry, there are mosquito nets)

To make your stay even more comfortable, everyone is kindly asked to move around in socks to feel at home.

Activities

A choice of activities to allow you to reconnect with yourself with respect for our environment.

Guided hike on the Bear Track

In Åmot, there is a great hiking track, which is called "Bear Track" and follows one of 27 marked paths of Gästrikeleden. We guide you on the half-day tour, on which we will take you through various types of forest and meadows and treat you on great views. Genuine outdoor fika included!

Guided Fishing Tours

There are a lot of small lakes and rivers around our village which offer a simply stunning fishing experience! Ever wanted to fish alongside a beautiful Swedish lake at sunset in complete peace and quiet? Now is your chance !

Forest Bathing Session

It is time to take your time to dissolve into the forest and become one with nature again. With her calming voice, your private guide Karolina guides you to a state of pure relaxation and learns you to take in the forest with all your senses. Includes fika.

Ride like the Vikings

In silence and complete harmony, we share paths and space with some of the most magnificent animals on our planet. Used by Vikings over a 1000 years ago, no horse can match the Icelandic horse. Together with your guide, this strong, agile and secure horse will lead you through the wild, silence and mystical forest of Sweden.

Only a beautiful 1 hour drive away from the hotel, is an experience you will unlikely forget very soon.

Bear watching

It is breathtaking when a bear passes only a few meters in front of the hide. To see a bear up close in its natural surroundings is an extraordinary experience.

Come along to the mountain of the bears, for a unique opportunity to get up close to the brown bear. Enter their natural habitat and absorb the special ambience of the wilderness, whilst spending the night in a lodge.

Up to 4 people can stay in the lodge for a night with encounters of bears, foxes, squirrels, buzzards, eagles and other smaller birds. A unique opportunity for animal spotters and enthusiasts alike!

Water Station

Step in to the forest and take place in the hide at the water station. You will face to a small artificial pond where a variety of animals come to drink and take a bath. The perfect opportunity to capture the reflection of our wildlife.

This one of a kind water station attracts the interest of the living creatures of the woods: a variety of birds, birds of prey, small rodents, sometimes a fox or a badger...

Up to 2 people can stay in the hide. A unique opportunity for animal spotters and enthusiasts alike!

Husky Sledding

Are you ready for a magic adventure in one of Sweden's most southern true wilderness areas? Experience what dog sledding is all about with a 2,5 hour Husky Sleigh tour including a genuine outdoor Fika that you won't be forgetting soon.

Our partners-in-crime, Ann and Jens, focus on small-scale, sustainable tours, away from the crowds, just 2 hours north of our hotel. Here you will feel a true bond between man and dog.

Guided Snowshoe Hike

Snowshoe walking is the most underestimated activity! Just imagine that you can walk anywhere while you hear nothing but the crisp snow underneath your feet! And while you walk the guide will explain you everything about the nature surrounding you. You will see tracks of different animals, such as moose, rabbits, deer and maybe even of a wolf.

The guided tours always are in small groups and therefore the guide can easily adapt so everyone feels at ease. We stop in our little forest cabin for lunch and warm ourselves by the fire, before continuing our journey. This activity is suited for almost everyone above 6 years and you need to be able to be outside for 4 hours in winter time.

Ice Fishing

Ice fishing or "pimplar" is fun for all ages and the many lakes around Åmot are the perfect location for a nice day out on the frozen water. After instructions, it's time to fish from a freshly-cut hole in the ice and try your luck. We use sustainable sport fishing practices and have a catch-and-release policy. We cook lunch onto the lake for an unseen experience.
