### **Year 2024**

Nusfjord Arctic Resort is a unique destination situated in the enchanting and tranquil fishing village of Nusfjord in the Lofoten Islands, Norway. The resort is open all year round, allowing you to experience the gentle midnight sun in summer and the spectacular northern lights in winter.

Passing through the spectacular mountain passes of Flakstad, breathe in the salty winds of the North Sea, and prepare to immerse yourself in an authentic experience of the Lofoten Islands. Wake up in the traditional fishermen's cabins, swaying on wooden stilts on the salty seafront. Stroll along the pier in the intimate historical center and get a sense of the deep-running history of this Norwegian gem.

## Accommodation

Nusfjord Arctic Resort offers 23 high-end cabin suites at your service, each with a history as a traditional fishermen's 'rorbu'. The cabins have been uniquely designed to provide you with the best possible experience of the Lofoten Islands. Start your days in the Arctic with the complimentary breakfast, featuring local dishes to fuel you through the exploration and adventures ahead.

The rorbus were originally divided into two parts, where up to twelve fishermen slept together on one side, and their equipment of fishing nets and hooks was stored on the other side. The fishermen would also prepare their nets with bait in the same space, which explains the holes in the timber walls, still visible today.

## Dining

Arctic gastronomy at its peak, framed by majestic natural surroundings.

Allow us to awaken your senses and invite you to an arctic culinary experience. Our chefs craft unique creations that blend local recipes with global cuisine. Nourishing dishes are served in the welcoming spirit of sharing a meal in the fishermen's own village.

Many of our products come from local farms and fishermen. This expands our community involvement while ensuring exceptional, fresh, and natural ingredients in every meal we serve. At Restaurant Karoline, seafood takes center stage, connecting our guests to the exceptional flavors of the northern realms.

Visit one of our culinary establishments or inquire about a customized private culinary event.

### Restaurant Karoline

Within the intimate, wooden walls of Restaurant Karoline, in addition to the delightful buffet breakfast, they offer a refined evening experience with a weathered ocean view. Understanding that lasting memories are also created through taste buds, the esteemed chef has carefully crafted the menu. It reflects the rich traditions of Nordic cuisine and the bountiful harvests of maritime realms.

The menu is updated several times a year and adapted to what is in season. Right now, you can find salmon, scallops, cod, dried fish, ribs, and pork chops on the menu.

Café Landhandleriet used to be the office of the hamlet owner himself, Mr. Dahl. The old general store dates back to 1907 and has kept its original interior, taking you back in time the moment you enter.
