Dining

BREAKFAST, BEVERAGES, SNACKS

The continental breakfast buffet is served from 6 am to 10 am in summer and from 7 am to 10 am in winter, with flexible timings to accommodate your preferences. The chef enhances the spread with seasonal products, taking into consideration your desires.

LOCAL HOME FOOD DINING

Indulge in fresh and wholesome local dishes in the village style! We use pure ingredients and local products sourced from forests and fields for you. The chefs at Villa Cone Beach are well-versed in their recipes and will go the extra mile to ensure you savor your meals. While the table is set indoors, on sunny summer days, you have the option to dine al fresco. This provides a truly memorable experience of lakeside intimacy, where likely no one else is in sight. You might even have the chance to dine with a local family—a genuine village life experience.

A KITCHEN FIT FOR A CHEF

Your private chef will find all the necessary equipment in Villa Cone Beach's kitchen. Additionally, our modern appliances are eco-energy efficient. On the other hand, outdoor wood-fired and open-air cooking is available. Your chef can excel under the sunny or starry sky, or our brand-new barn-style brick room will set a romantic atmosphere.

PETITE CELLAR

Villa Cone Beach offers a selection of red, white, and champagne wines. The wine cellar is small but of high quality. You'll find our wines to be affordable, striking the perfect balance between quality and price. Enjoy your wine with a cheese board, whether shared or as an indulgent treat for one. A glass of champagne in the delightful surroundings of Villa Cone Beach is more than just a drink.

PARTNER RESTAURANTS IN THE REGION

KANTELETAR

Experience a cozy dinner at Kanteletar, nestled in a refreshing pine forest. The view of Lake Lammasjärvi serves as an appetizing prelude. Kanteletar is located in downtown Kuhmo, just half an hour's drive from Villa Cone Beach. It is on the way to multiple experiences and attractions, including the healthiest modern wooden buildings.

The restaurant is named after a collection of Finnish folk poetry and historical songs that served as sources for the Kalevala. J.R.R. Tolkien also drew inspiration from Finnish epic tales for The Lord of the Rings. You can see why Kuhmo is now a UNESCO City of Literature!

KULTAINEN KUKKO (Golden Rooster)

Kultainen Kukko is a comfortable restaurant with a laid-back atmosphere for dining. It is an hour's drive north of Villa Cone Beach. Dining at Kultainen Kukko could coincide with aurora borealis hunting, brown bear watching, visiting a reindeer farm, or simply indulging in relaxed sightseeing. Hossa, a brand-new national park with stunning views and prehistoric rock carvings, might also beckon.

HAAPALA

Follow your nose to the brewery and restaurant Haapala, next to the Vuokatti holiday resort, located an hour's drive from Villa Cone Beach. Haapala serves excellent countryside-style cuisine in a truly rustic setting. A visit to the brewery is a must. You can make a trip to Sotkamo just for Haapala, or you can add sports activities, the children's paradise Super Park, husky experiences, or one of the countless other things to do. The journey itself offers a summer road trip experience, with the route through uninhabited wilderness regions.
