

## **Finlande, Puumala** **Stay at the luxurious Elsanranta Saimaa** **Villas**

**From € 195**  
**Year 2024**

Enjoy your stay at the luxurious villas of Sahanlahti Elsanranta.

The villas of Elsanranta are pure luxury. The magnificent, pure nature of Lake Saimaa added with high-class services, modern design and sustainable choices guarantee a truly unique Saimaa experience.

## Arrival at the villas and getting around in the area

You arrive at the Elsanranta villas along a private lit road. There is a spacious parking area at the villas with EV charging. The private check-in is available at request at the villa from 4 to 6 p.m. when your villa hostess or host will welcome you at the villa. Your hostess or host is happy to help you with everything during your holiday, for example, table reservations to the restaurant and your holiday programme. The personnel are happy to help you also with your luggage when needed.

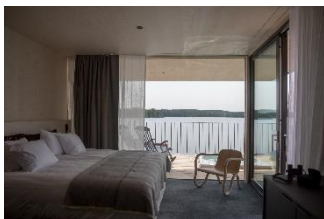

You access the villas along wooden passages. The villas are arranged in a way that your privacy is ensured.

During your stay, you can use scooters, bikes, rowing boats and kick sledges freely to access the restaurant services of Sahanlahti. The restaurants are only few hundred meters away, a nice short row to the shore of Sahanlahti to have dinner in the restaurant. In winter, you can make the journey, for example, with a kick sledge, the ice condition allowing.

## Well-being and peace

Each Elsanranta villa opens an unobstructed view to Lake Saimaa allowing you to enjoy the nature while relaxing in the villa, pool or sauna. In the lounge area, there is a luxurious double bed and a seating group. The large deck has a seating group and a deluxe Drop-pool from which you can enjoy the starlit sky and, if you're lucky, the northern lights.

The villas are well-suited for two people. The colour scheme of the decor conforms with the surrounding nature. All villas are built with sustainable materials using energy-efficient solutions.

## Room to feel good

The Scandinavian style villas use the 37,5 square meters well. The villas are just perfect for an enjoyable holiday for two!

Each apartment has one big room with a 200-cm-wide luxury double bed, a sofa and a seating group for two, a small drinks cabinet for coffee, tea and bubbly drinks with a minibar. The apartment has a bathroom with pampering bath products and a sauna with an "always ready" stove. On the deck, there is a Finnish, heated Drop-pool and a seating group from which you can enjoy the view to Lake Saimaa. The Scandinavian style interior design uses Finnish materials, such as local high-quality wool fabrics. The artisan tableware and the Terhe sauna products add a touch of luxury. Soft bathrobes and slippers are naturally included.

## Breakfast from pure, local ingredients

The breakfast of Sahanlahti is full of local ingredients, such as salads, aromatic malt pork from Kaartilan mallaspossu farm in Juva (the pigs consume the beer malt of Saimaa Brewing company), nutritious overnight barley porridge, local cold-pressed berry juice and fresh, smoked vendace from Lake Saimaa, to mention a few. You can also order the breakfast in advance to enjoy it in your villa.

From May17th to December31st, 2024
