

## **Premier Loft Spa Suite**

Although each room at the Maria Hotel is unique, the Premier Loft Spa Suite stands out completely with its design and ambiance.

Located on the top floor of the West Wing, it offers a perfect connection with the building's historic architecture. The luxury of the hotel is showcased in this suite through stunning chandeliers, natural wood elements, and ultra-chic designer furniture. This contrasts beautifully with the original old bricks and high ceilings, creating a unique atmosphere.

While spacious, the loft-style suite with its narrow windows creates an unexpectedly cozy and enveloping feeling. A small staircase leads to a designer bathtub standing in the center of the luxurious bathroom. From there, you'll find a private en-suite steam room, ideal for relaxing and rejuvenating.

After enjoying the spa-style elements of the suite, unwind in the American-style king-size bed and simply let the day fade away.

All your needs are taken care of with just a gesture, as every suite at the Maria Hotel is connected to our concierge service, restaurants, wellness services, and in-suite entertainment systems via smart devices.
