

## Serene Suite

With an ambiance of calm and an invitation to relax, the Serenity Suite truly lives up to its name.

Soft lighting emanating from impressive chandeliers guides you through the living area, where a plush sofa invites you to lounge, and into the bedroom where natural wood flooring and elegant furniture complete a palette that soothes the senses. The welcoming fireplace provides a luminous backdrop to the American-style king-size bed and a residential-style desk.

A decadent spa experience will calm your mind and body in the beautifully appointed bathroom, featuring a rain shower, designer bathtub, and a large double vanity. Enjoy music or a movie from the bathtub, as all suites are equipped with integrated television and entertainment systems in the bathroom mirror, as well as in the bedrooms and living areas.

All your needs are met at the touch of a button, as every suite at Maria Hotel is connected to our concierge, dining, wellness, and in-suite entertainment services via smart devices.
