Accommodation

Nature at the heart of the decor

Hotel rooms

Stay in one of the 10 comfortable hotel rooms at Malangen Resort. You will be within easy reach of all the facilities in the main building of the resort. Whether you choose a standard or premium room, you will get a wonderful view of the fjord.

Rorbu / Fishermen's Cabins

Malangen Resort has a wide variety of cabins. All cabins have sea views, while some are situated on the waterfront. Our cabins feature a living room, kitchen, bathroom and two or three bedrooms. If you want more space, a larger or second bathroom and perhaps a sauna, we recommend booking a premium cabin.

Waterfront Apartment

Malangen Resort has 20 apartments in a nice, red building right by the sea. You will wake up to the sound of lapping waves. The apartments have two separate bedrooms, which make them ideal for small families or couples. Each apartment sleeps up to four guests.

Facilities

The Cellar

Experience the world of wine at Malangen Resort! Malangen Resort shares a passion for wine – from the old world as well as the new. We are dedicated to finding and offering high-quality wines with unique and exciting flavour profiles. Our goal is to give you an unforgettable experience that goes beyond the ordinary.

Naustet – north Norwegian coastal culture in a nutshell

The bar at Malangen Resort is inspired by a typical Norwegian boathouse. It's situated in a secluded part of the hotel building and has a wonderful atmosphere. Naustet Pub has a vintage interior that oozes romantic north Norwegian coastal culture and nostalgia. Naustet Pub leads into a spacious room with seating, a pool table and access to the terrace.

The Terrace

The pier terrace is a natural extension of the restaurant and lobby. You can enjoy a wide range of meals and refreshments here "with sea salt in the air". The pier terrace is a perfect place if you want to be close to the sea and enjoy the summer sun.

Wilderness Camp

Our Wilderness Camp has an idyllic setting on the shores of Lake Nikkavannet, just a 20-minute walk from the resort. This sheltered place is perfect for events, relaxing around the campfire or as a starting point for activities – all year round. Hosting events here adds a unique nature-based setting.

Husky yard

Malangen Resort's own dog yard with more than 60 huskies is situated just a 20-minute walk from the resort. During the winter months, the huskies are busy doing what they love best – pulling dog sleds for visitors. Summer is also a good time for the dogs, albeit more leisurely.

Unlike most dog yards, our dogs are not tied up. Instead, they live in separate kennels that they share with another dog. This is to ensure the best possible animal welfare and happy dogs. It's also possible to reach the dog yard by car.

Arctic Spa

We keep our promise that all rooms at Malangen Resort have wonderful fjord views. Consequently, our Arctic Spa is no exception. You can enjoy a rare panoramic view in the warmth of our glass-fronted sauna facing the fjord or a hot tub on the quayside. This is truly an experience that is out of the ordinary.

Fitness facility

We are pleased to offer our guests access to our modern fitness room with everything you need to maintain your exercise routine while travelling.

Catering

We want our guests to experience the best local and authentic food. To achieve this, the menu at Malangen Resort is inspired by the traditional north Norwegian cuisine. To ensure we serve our guests food that is as fresh as possible, we prioritise using locally sourced ingredients and products in all our dishes.

Given our proximity to the sea, many of our dishes are sourced from nearby fjords, as the natives of the north have done for thousands of years. We also serve other typically north Norwegian delicacies such as reindeer and lamb from the local area.
