Senja Fjordcamp features five recently renovated cabins with sea views. Each cabin has two bedrooms with a total of four beds. They include a fully equipped kitchen and a modern bathroom with a toilet and shower. Bed linens and towels are provided. There is also a shared lounge area and a fully equipped kitchen. On the top floor, there is a spacious apartment with two bedrooms, four beds, two living rooms, a fully equipped kitchen, and a large balcony where you can enjoy the view. Also have conference facilities here, including a large meeting room that accommodates 26 participants and a smaller "conference room" for 12 people.
