

# Norway, Svalbard

## Adventure mini cruise

### 6 days / 5 nights

### Summer 2026

Original activities and culinary experiences not to be missed in Longyearbyen.

**Extend your stay: more unique activities and delicious restaurants await on land. Contact our local travel designers to create a personalized package you'll remember for a long time.**

Longyearbyen offers a true taste of the Arctic, with a wide range of activities, culinary experiences, and cultural encounters. Adventurers are spoiled for choice, from dog sledding and hiking to fossil hunting, followed by prestigious restaurants to end the day in style. Dive into the stories of polar expeditions and discover life in the Arctic through local exhibitions and museums. Whether you want to push your limits, indulge yourself, or simply dream, Longyearbyen is an unforgettable destination at the heart of the High Arctic.

### 3 recommended summer excursions

 <p><b>Dog sledding on wheels</b></p>	 <p><b>Fossil hunting at Longyearbreen</b></p>	 <p><b>Wildlife and glaciers</b></p>
<p>Unique in its kind, this dog sled on wheels offers an original way to immerse yourself in the landscapes of Svalbard. The route follows Adventdalen Road, surrounded by mountains. With a bit of luck, reindeer will join the adventure. And after the ride, the dogs are waiting for a cuddle session!</p>	<p>Over the millennia, Longyearbreen has eroded the mountain ranges, scattering rocks and gravel to form a vast moraine that changes every year. During this hike, you'll have the chance to search for plant fossils dating back as far as 60 million years.</p>	<p>We now offer an even more sustainable option to explore the fjords of Spitsbergen: our hybrid electric catamaran, MS Bard. Sail through stunning landscapes toward Billefjorden and the Nordenskiöldbreen glacier front and observe whales and the rich birdlife thriving in the area.</p>
